ABOUT

With over 8 years of experience in **Affective Computing** and **Game Development**, my expertise includes game development with **Unreal Engine** and **Unity**, **C++** programming, and **creating emotionally expressive virtual agents** for various applications. I've demonstrated strong leadership, communication, and technical abilities by coordinating projects, managing teams, and **teaching game-related courses**. Passionate about game development and AI, my versatile skill set and industry experience make me a valuable asset in the gaming sector.

EXPERIENCE

AI Engineer | Mr. Kite

Lisbon, Portugal | 2023 - 2025

Recruited to develop AI-powered NPCs in the game Today and other internal projects.

- Applied AI technologies to develop NPCs that interact with players through natural language.
- Coordinated processes to sync different areas (animation, programming, AI) into cohesive solutions within the game.
- General game development using the **Unreal Engine** and **C++**.

Teaching Assistant |

 Instituto Superior Técnico
Lisbon, Portugal | 2018 - 2023

Hired to teach master students in different courses.

- Received merit awards for teaching game-related courses.
- Employed **OpenGL** and **C++** to teach how to program a game engine.

EDUCATION

Ph.D. in Computer Science and Engineering

Instituto Superior Técnico | 2017 - 2023

My research focused on **Affective Computing**, specifically how users perceive and interact with the characters they control. Through this work, I gained deep insights into user experiences and emotional engagement.

MSc in Computer Science and Engineering

Instituto Superior Técnico
