

Ricardo Rodrigues

AI ENGINEER / GAME DEVELOPER

LISBON, PORTUGAL

+351 916686031

ricardo@colorcrow.me

www.colorcrow.me

With over 8 years of experience in **Affective Computing** and **Game Development**, my expertise includes game development with **Unreal Engine** and **Unity**, **C++** programming, and **creating emotionally expressive virtual agents** for various applications. I have strong leadership, communication, and technical abilities, as evidenced by coordinating projects, managing teams, and **teaching game-related courses**. Passionate about game development and AI, my versatile skill set and industry experience make me a valuable asset in the gaming sector.

AREAS OF EXPERTISE & SKILLS

- | | | |
|-----------------------|---------------------------|--------------------|
| ★ Affective Computing | ★ Artificial Intelligence | ★ Game Development |
| ★ Unreal Engine | ★ Unity | ★ OpenGL |
| ★ Agile Methodologies | ★ C++ | ★ C# |

EXPERIENCE

Senior Unreal Engine | Codfish Academy

Lisbon, Portugal | 2025 - ongoing

Help develop Unreal Engine games for clients of the company. Specifically, **develop and refactor tools adapted from other engines into Unreal Engine**.

- Lead a team to refactor a plugin focused on runtime adaptable skeletal meshes.

AI Engineer | Mr. Kite

Lisbon, Portugal | 2023 - 2025

Develop AI-powered NPCs in the game Today (now known as Youmio) and other internal projects.

- Applied AI technologies to develop NPCs that interact with players through natural language.
- Coordinated processes to sync different areas (animation, programming, AI) into cohesive solutions within the game.
- General game development using the **Unreal Engine** and **C++**.

Teaching Assistant | Instituto Superior Técnico

Lisbon, Portugal | 2018 - 2023

Teach master's students in different courses.

- Received merit awards for teaching game-related courses.
- Employed **OpenGL** and **C++** to teach how to program a game engine.

EDUCATION

Ph.D. in Computer Science and Engineering

Instituto Superior Técnico | 2017 - 2023

Research focused on **Affective Computing**, specifically how users perceive and interact with the characters they control. Through this work, I gained deep insights into user experiences and emotional engagement.

M.Sc. in Computer Science and Engineering

Instituto Superior Técnico | 2015 - 2017
